ONLY \$12 Per Class – Here Is How It Works

Now you only have to enroll for ONE SESSION; the prices are especially reduced to encourage you to start off, or to continue, your junior in golf. **Bucket INCLUDED!**

My Junior Camps are tailored to help everyone from the beginner to the more experienced junior. No one is ‘slowed down’ due varying levels of experience and ability.

Small class sizes (a maximum of 8 students at any one time); so your junior will get quality personal attention.

My format is perfect for people who are in need of a ‘tight’ time period to fit in their lesson(s). It also allows you to enroll in only the number of class(es) that you want.

And, unlike the private & 2 person lessons, the COST of the buckets of balls is ALSO included.

- Each session offers a 3 HOUR “window” to schedule your junior for the class.
- You are required to book your junior in a 15 minute “window”; within the 3 hour time frame. This way I can assure that not too many juniors are involved at any one time. Also, you will not feel so rushed if you are running a little late.
- When your junior is DONE with their bucket of balls, they can leave. This allows for maximum flexibility for your scheduling.
